

STRIE TZEL

UPDATE LETTER
July 2017

And my God will meet all your needs according to the riches of his glory in Christ Jesus. To our God and Father be glory for ever and ever. Amen.

Philippians 4:19-20

CAMP & FAMILY UPDATES:

Summer greetings! It has been a few months longer than usual since you've heard from us. We are sorry for the delay in communicating with you! We have been keeping busy over the course of those months. We finished the winter season at Lake Lundgren with weekend retreats including guest groups and camps of our own (including Men's Retreat, Women's Retreat, and a few Crafter's Retreats). New summer activity areas, maintenance to existing areas, and recruitment of staff took place during these winter and spring months. Campers began to register early in the 2017 calendar year...what a blessing to have God provide campers to come to LLBC! Praise God for another answer to prayers regarding registrations for Adventure Trips! Five trips have already taken place and there is another big trip coming up. Please continue to pray for safety on each of these trips.

As a family, we were able to travel to Moline, Illinois, to see historic John Deere sites during our spring break from school. We were also able to visit with four of Jamie's sisters on a spur of the moment "reunion" in Wisconsin. We had a great time together. We enjoyed a weekend at Laura's folks house with both of her brothers (and family) in late spring. As soon as May rolls around, it's like we are in "survival mode". Baseball season goes from May through June for the kids (Jamie and Laura help coach teams), the season of weddings begins, wrap-up of the school year, and the start of summer camp keeps us on our toes and gives us opportunities to practice our communication skills. ;) Laura continues to work at school a few hours a week during the summer. She also works a few hours a week keeping up with the financial tasks at camp. She was a leader on the Junior High Girls Backpacking Trip that took place mid June. It was a great trip with a great group of girls!

The Lord continues to use Lake Lundgren Bible Camp to minister to community members. Jamie and two other staff members were able to take the sixth graders from Pembine school on a canoe trip down a portion of the Menominee River. It was a great opportunity to expose them to the beautiful creation around us and to reach out to the students in that class. We have seen numerous Pembine students as campers attending a regular week of camp as well! It is great to see familiar faces here! We are thankful for the work God continues to do in our community!

PRAISES & PRAYERS:

☞ Praise God for our faithful financial and prayer supporters. We are currently averaging 80% of our monthly goal! Thank you!

☞ Praise God for all of the campers that have attended this summer and have heard the Gospel!

☞ Praise God for the great Summer Staff Team that is serving the Lord this summer at LLBC! They are intentional about spending time with the campers.

☞ Praise God for many volunteer staff who have given of their time in order for camp to run as smooth as possible. There are still many volunteer positions to fill this summer! Call if you can help.

☞ Praise God for the work He is doing in the community and in the local churches—Pray that the spiritually lost get found and that their hearts might be ready to receive Christ as their Savior.

I shot my first turkey this spring. I have been fishing with friends a lot lately. I got to go on the Jr. High Boys Backpacking Trip with my dad. I had a fun time. Our school basketball team did good this year. We improved a lot. I am looking forward to running cross country.

KEVIN

REBEKAH

I also got to play on the Norway All-Star team. Timmy and I have been working on a fort at home. I swim in our pool a lot!

I was a camper at Lake Lundgren with one of my good friends. Our softball team made it to the championship game for our league tournament. We took second place.

TIMOTHY

I was a camper at Lake Lundgren with one of my friends. We stayed for three nights. I ate a lot of candy there.

On spring break, I got to go to Moline, Illinois, to see all of the John Deere tractors, tools, and factories. We got to see the historical site and meet a blacksmith. He made us a leaf!

Some of Rebekah's (top right) softball teammates before a game. They took second place in their league!

At the John Deere Blacksmith shop—with Jim, the blacksmith.

Kevin with friends on the backpacking trip to Pictured Rocks National Lakeshore.
